

## Last Year's Achievements

Contributed by admin

The Friends of Great Lines Heritage Park 2nd annual general meeting (AGM) took place on 29th February 2012. The Committee has been elected for the following year. The outgoing chairman Chris Price thanked the committee members for their contributions over the past year, which included designing the logo, setting up a bank account & obtaining funds for leaflets and promotional material.

The Friends of Great Lines Heritage Park have received donations from Western Heights Preservation Society and from Gillingham and Rainham Historical Society in recognition of talks and presentations given by the Vice Chair, Pam Wood, now Chairperson. The talks were very well received and now members are coming to visit the Great Lines Heritage Park for themselves. FoGLHP has been particularly successful in forging links with other community groups and historical societies and looks forward to arranging more interesting talks.

Litter Picks Latest: Friends of Great Lines Heritage Park carried out a community litter pick on the morning of Saturday 10th December 2011. Over 20 people turned up on the sunny but cold morning, including some welcome new faces as well as the regulars, to help collect over 30 black sacks of rubbish. Litter picks are now held on a quarterly basis &ndash; please visit the website for more details.
